REMINDERS

Drive slowly through the turn around. Children are entering and leaving the school.

If you will be in the building longer than five minutes, please park in the parking lot.

Please shut and lock the gate when you come through it. This will help keep our children safe.

Remember to bring your child a small blanket for nap time. They may also bring a small pillow and a small stuffed animal.

Please hang up your cell phone when in the daycare. Your child needs your attention. They are excited to show you what they have done and we may need to talk to you.
